

# Shalom! Salaam!

## Are kids a key to peace?

They sure are. Young children—Jewish, Christian, Islamic or otherwise—don't care about who promised what to whom during the First World War, or the status under international law of cease-fire lines drawn half a century ago. Children do care about security, comfort, dependability and . . . PEACE.

*Shalom, Salaam, Peace* is a lyrical and artistic children's book that offers readers and listeners an opportunity to explore a dream of peace in which "fences with unlocked gates encircle bows, arrows, swords and tanks . . . recycled into playground toys." Vibrant illustrations draw on the unique atmosphere of the Middle East. Multi-lingual texts transform *Shalom, Salaam, Peace* into a global experience. *Shalom, Salaam, Peace* offers an imaginative playground for teaching children about peace and strengthening hearts and spirits around the world for the task.

"No children's collection should be without at least one copy of this book . . ."
